

ZŪMO™ R1 RADAR

MOTORCYCLE RADAR

PRODUCT OVERVIEW

Ride and see with zūmo R1 Radar. This discreetly sized rearview and blind spot motorcycle radar with external lights offers excellent coverage, range and accuracy. The heads-up indicator lights promote situational awareness while the optional side-facing amber lights and high-visibility red rear-facing lights help you be seen by other vehicles to encourage a safer riding environment. View a full-screen radar display of nearby vehicles when you pair zūmo R1 Radar with your zūmo® XT2 motorcycle sat nav or your compatible smartphone via the zūmo™ Radar smartphone app. You can also hear audio alerts to help increase your road awareness while your eyes remain on the road, when paired with your headset or zūmo XT2.

MOTORCYCLE RADAR

KEY FEATURES

HIGH-PERFORMANCE RADAR

This rearview and blind spot motorcycle radar offers excellent coverage, range and accuracy to help increase situational awareness. Radar can be displayed when paired with your compatible smartphone or your zūmo® XT2 device to see a full-screen radar display of vehicles around you.

EXTERNAL LIGHTS

Optional side-facing amber lights and the rear-facing red light enhance your motorcycle's visibility to other vehicles to help foster a safer riding environment.

ENHANCED AWARENESS

Heads-up indicator lights can increase your awareness of other vehicles in your blind spots or behind you as you ride.

FLEXIBLE MOUNTING

Mounts on various license plate sizes with an included flexible mounting solution.

AUDIO ALERTS

Hear alerts informing you of nearby vehicles while your eyes remain on the road ahead. This requires pairing with your compatible headset via the [zūmo™ Radar smartphone app](#).

BUILT TOUGH

zūmo R1 Radar has a rugged design ([IP67 dust/water rating](#)) to withstand harsh weather and road conditions.

CLEAN INSTALL

Riders can expect a one-time installation on any motorcycle. The radar system powers on when you turn on your vehicle's ignition — no batteries or charging required.
